SeaChange (TV Series 1998-2019) - IMDb

In Australian culture, a seachange is a form of human migration that involves individuals abandoning city living in favour of a perceived 'easier life' in rural coastal communities. The term was popularised by the popular Australian ABC TV television series SeaChange, which triggered the phenomenon of many city-dwellers mimicking the drama's protagonist's escape from urban life. It ultimately comes from Shakespeare's The Tempest. The result of this phenomenon is a rapid boom in tourism and real
