Design: Creation of Artifacts in Society. Karl T. Ulrich. Karl T. Ulrich. Cost. \$95.00 Enroll now ... The course is deliberately broad - spanning all domains of design, including architecture, graphics, services, apparel, engineered goods, and products. The emphasis of the course is the basic design process: define, explore, select, and refine. ...

Design: Creation of Artifacts in Society - Penn

The central theme of this monograph is that a unifying framework informs the human activity of design across all domains. With few exceptions, each idea in this work applies to graphics, environments, products, software, services, machines, and buildings. I dream that the design process could be integral to the primary, secondary, and post-secondary education of all individuals in modern society.
