updated ECU comprises a high speed digital power bus for control and power supply of all engine peripherals (e.g. engine, fuel pump, solenoids, smoke pump, lighting ...

P100-RX Turbine Engine, 22.5 lbs Thrust, by JetCat, from

...

The FADEC ECU that I am running on the MW44 has been faultless at starting, running, and stopping the engine. At the end of the day that's all most people will probably use. I am not a turbine expert (I haven't run my MW54 or P80 yet) but the quality of the MW54 components is very good. I've never seen the inside of a JetCat.
