for the books is fixed at \$0 by the author and you can thereafter decide the value of the book. The site mostly features eBooks on programming languages such as, JavaScript, C#, PHP or Ruby, guidebooks and more, and hence is known among developers or tech geeks and is especially useful for those preparing for engineering.

### **Just This Once Rosalind James**

Another thing I really liked, as seems to be the case with all Rosalind James' books, was the vivid descriptions throughout; the way she captures the scenes really makes you feel like you are there and can picture everything going on perfectly. Overall, Just This Once was a fun, sweet, good paced, standalone book with a HEA.

Just This Once in a nutshell, is a story of one scared American woman that decides for once to something for herself. Take the bull by the horns and live; drink too much; buy shoes she can't afford; and have a fling. When she meets the perfect man for her, she throws up road block, after road block, after road block.

She just needs a vacation. Three weeks in New Zealand to sort out her life, figure out what she wants, seems just right. Oh, and to relax. She should definitely put that on the agenda. She certainly isn't looking for a fling with a professional rugby player, no matter how attractive he is. Hannah doesn't do casual. But maybe just this once. . .

### **James**

"Just This Once: Escape to New Zealand, Book 1, by Rosalind James was just the ticket, for the mood I was in... I loved the characters, and loved the story. The narrator, Clair Bocking did such a good job, although, I would recommend slowing down a bit...her accents were right-on!
