Having read the first two books in the Private series I was anticipating a good read with this most recent one, Private Games. I have made it through to Chapter 9 and am really struggling. I agree with a previous reviewer that states they can tell that James Patterson did not write this one. The narrative

Patterson fan but this is far and away the worst book he has written. Over the top and at times rather unbelievable there are also too many inconsistencies. The sports aspect is also rather poorly thought out with England and not GB being quoted on a number of occasions.
