SPACE GASS job files are now fully compressed so that they are of a similar or smaller size to jobs saved by SPACE GASS 10 or 11. They were not fully compressed in SPACE GASS 12.00/12.01 in an attempt to stop spam filters treating them as spam when emailed.

SPACE GASS Development History

This reference manual describes the syntax and “core semantics” of the language. It is terse, but attempts to be exact and complete. The semantics of non-essential built-in object types and of the built-in functions and modules are described in the Python Library Reference. For an informal introduction to the language, see the Python ...
